**7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words**

Sanatana Dharma College is an Arts and Science, established in the year 1946, distinctively working towards the empowerment of youths regardless of their social or economic standing. Due to its location in a backward zone, the college serves a number of important underprivileged communities, including farmers, fisherman, and coir workers. Regardless of gender, caste, or faith, the college has a strong tradition of fostering values, culture, ethics, and empowerment. All students are encouraged to reach their full potential and acquire the variety of skills needed in today's world. Students are encouraged to embrace gender neutral attitudes, work in teams, and be attentive to societal concerns through cocurricular and extracurricular activities.

Nine out of the 12 departments are Research Centers recognized by the University of Kerala, giving students the chance to advance vertically from graduation to PhD degree. The campus, which is more than 40 acres in size and has plenty of open spaces for gardens, biodiversity, and sports & game facilities, offers students a tranquil and supportive atmosphere for their complete growth.

In this academic year more emphasis was given to inculcate the culture of responsibility to keep the department premises neat and clean (separate location was given to each department). In that dimension a concept of "SDC GREEN ARMY" was introduced in the campus.

In the technology driven world the institution launched "SDC Campus Genie" an ERP system both for the academic and administrative purposes.
